

The Trolley™ - E-Class Monitor Lift

The Trolley™ family of innovative flat panel monitor lifts offers a flexible, secure, and space-saving solution for any computer environment — from the classroom/training room to the corporate office.

The Trolley™ E-Class provides a no-hassle way of hiding the flat panel display when not in use and making it emerge from beneath the desktop when needed.

The E-Class unit provides push button activation and an automatic, retractable access door. This model accommodates most 20" wide screen or 21" diagonal flat panel displays.

The Trolley™ E-Class feature *Intelligent Motion Technology™*. This innovation protects the unit from accidental damage or vandalism by constant monitoring of The Trolley's current operational status.

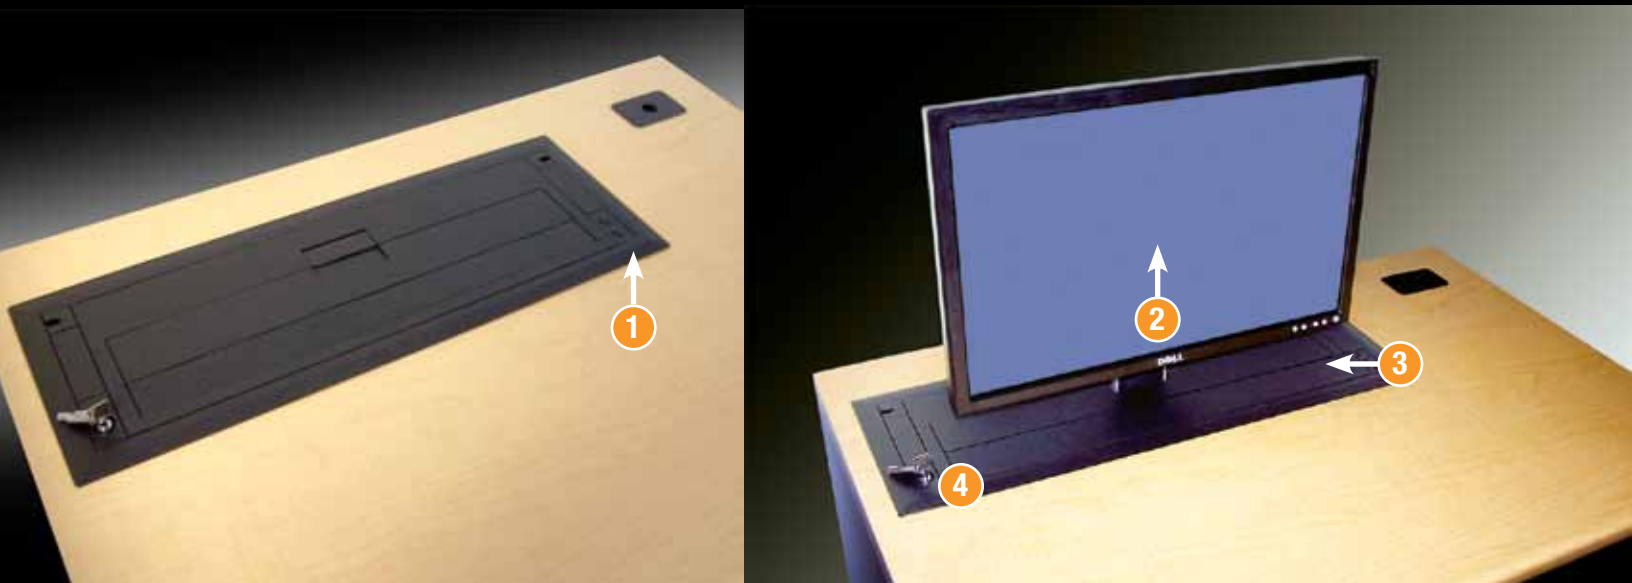

Find out more online at www.novadesk.com

See reverse side for more details.

Note: The Trolley E-Class uses 110-240 Volts, 50-60 Hz, Universal Power Supply, U.S. plug (adapter required in some countries)

Basic Operation

The Trolley™ E-Class

- 1 With the press of a button, the display emerges
- 2 from its fully recessed compartment beneath the work surface with its cables neatly hidden.
- 3 Access door provides a clean, uncluttered work space.
- 4 A lock provides additional security when not in use and turns the unit on and off.
